Big Needle Knitting

By Bobbie Matela

Knitting with big needles is for those who enjoy quick results without sacrificing good looks. Each design in this book is knit on needles that are size 10 or larger. All the yarns, from classic worsted styles to interesting textures and novel looks are from the Plymouth Yarn Company.

Best of the Worsteds

By Bobbie Matela

Most of us learned to knit with worsted weight yarn. It is therefore the most comfortable weight of yarn to knit with - not too thick and not too thin - but just right. Besides, if you are like most knitters, you don't want to take forever knitting with lightweight yarn, and you don't especially like working with bulky, awkward yarn and fat needles.

Knit on Down

By House of White Birches

Knit to fit with this collection of almost seamless top-to-bottom projects and techniques. If you've never tried knitting from the top down, you are in for a treat. As you knit, you can try on a garment to get the perfect fit. You can adjust the length as a child grows. Since the garment is usually worked in one piece, rather than pieces, the need for seams is almost entirely eliminated.
