

Scrap Crazy Template

Item#CGRMT4

- 1** Select 5 assorted fabrics. Working with the fabrics **RIGHT SIDE UP**, cut:
1 of Template A
1 of Template B, positioning the black line on the template on the straight edge of the fabric
2 of Template C
1 of Template D

These templates can be cut from 10" squares or 6" strips – or scraps from your stash!

- 2** Arrange the pieces as shown. Stitch the D rectangle to one C piece. Stitch the B piece to the remaining C piece.
- 3** Stitch the A unit to the bottom of the C/D unit. The clipped corners allow for perfect positioning.
- 4** Sew the A/C/D unit to the B/C unit. Your block will measure $8\frac{1}{2}$ " including seam allowance. It will measure 8" in your finished quilt.
